Clear Silicone &
Sealant Gun

VÍZMÉRTÉK
Spirit Level

RÖGZÍTŐ LÁBAK ÉS
CSAVAROK
Screw Fixings
(For channel installation)

A rosszul beépített folyóka anyagi károkat okozhat! Ezért a beszerelést csak szakmailag felkészült szerelő végezze el. Amennyiben a rossz beszerelés, vagy a nem megfelelő anyag használata okán kár keletkezik, a gyártó nem vonható felelősségre és nem áll módjában a kárt megfizetni.

Poorly built-in shower channel can cause damage! Therefore, the installation must only be carried out by professionally trained mechanic. If for reasons of poor installation or use of inappropriate material damage occurs, the manufacturer can not be held on liability and able to pay for the damage.
